American Society of Limnology and Oceanography – Education Session

The American Society of Limnology and Oceanography (ASLO) 2004 summer meeting, June 13th - 18th, Savannah, Georgia, theme is *The Changing Landscapes of Oceans and Freshwaters*. The University of New Hampshire's Coastal Ocean Observation and Analysis Program and the Gulf of Maine Ocean Observing System (GoMOOS) will be co-hosting a special session titled, *The Educational Value of Coastal Ocean Observing Systems*.

<http://www.aslo.org/savannah2004> . tom@gomoos.org .

Association for Environmental & Outdoor Education Annual Conference

The Association for Environmental & Outdoor Education convened *Metamorphosis in Outdoor Education: The Change of Nature, The Nature of Change*, April 4-6, 2003, Pescadero, California. The 2004 meeting was *Teaching Outside the Lines*, April 30-May 2, 2004, Malibu, California.

Challenges of Socioeconomic Research in Coastal Systems

The Center for Natural Resource Economics and Policy hosts *The Challenges of Socioeconomic Research in Coastal Systems: Valuation, Analysis, and Policy Development*, May 27-28, 2004, Baton Rouge, Louisiana. The conference focuses on opportunities and challenges of socioeconomic research in coastal systems emphasizes economic valuation and its use in developing coastal zone management policy.

<http://www.agecon.lsu.edu/CNREP/>

Coastal and Estuarine Habitat Restoration Conference

Restore America's Estuaries hosted *Saving Our Coastal Heritage*, April 13-16, 2003, Baltimore, Maryland. Incorporating the nonprofit, government, business and academic sectors, this gathering enabled networking and communication throughout the growing habitat restoration movement.

Coastal Program Managers Annual Meeting
National Estuary Program 2004 National Meeting

These two annual meetings were held March 8-11, 2004, in Washington, DC. The Office of Ocean and Coastal Resource Management hosts its annual meeting to provide a forum for the Nation's ocean and coastal program managers to meet with one another and to exchange information about important resource management issues.

<http://coastalmanagement.noaa.gov/pmm/> and
<http://www.anep-usa.org/meetings/spring04/index.htm> .

The Coastal Society Conference

The Coastal Society hosts its annual conference, *TCS19*, May 23-26, 2004, Newport, Rhode Island. The conference theme is *Measure for Measure: How Do We Gauge Coastal Stewardship?* Focus areas are coastal governance, water quality, coastal land use, and habitat & ecosystem-based management.

<http://www.thecoastalsociety.org/conference/tcs19/index.html>

Coastal Zone Canada 2004

The Coastal Zone Canada Association hosts the biennial CZC04 conference, *All Within One Ocean*, St. John's, Newfoundland and Labrador, June 27-30, 2004. Presentations focus on challenges, strategies, and tools for managing, protecting, studying, and using coastal resources effectively.

<http://www.czca-azcc.org/index2.htm> .

EPA's 2004 Community Involvement Conference

EPA's Office of Water hosts the 2004 Community Involvement Conference, Denver, CO, June 15-18, 2004. This annual conference will explore experiences and opportunities for "going the extra mile in meeting community needs." It serves as a venue for transferring lessons learned and for setting and monitoring standards related to public participation, outreach, education and communication across the agency.

Excellence in Science, Technology, and Math Education Week and Science Education Summit

The *Science Education Summit*, March 16, 2004, is part of the Excellence in Science, Technology, and Math Education (ESTME) Week, a nationwide celebration of math and science education taking place March 15–20, 2004. The Summit will kick off the science portion of the Department of Education's Mathematics and Science Initiative.

<http://ostp.gov/html/estme/index.html> , <http://www.estme.org/> and http://science.nsta.org/nstaexpress/nstaexpress_2004_01_05_summit.htm .

Exploring Our Great Lakes Maritime Heritage

The Center for Great Lakes Culture hosted its annual meeting, *Exploring our Great Lakes Maritime Heritage*, September 19-21, 2003, Cleveland, Ohio. The theme was Preserving Great Lakes Maritime Culture: Its Stories, Buildings, Boats and Meanings. A panel explored challenges and successes of preserving Great Lakes maritime resources and culture and a workshop discussed educational curriculum.

<http://www.greatlakes.msu.edu/meeting2003.php>

Global H2O Partnership Conference

The Global H2O Partnership Conference, May 11-14, 2004, Cairns, Australia will convene to further the environmental, economic and social importance of oceans, coasts, and islands, and to facilitate the realization of the Montreal commitment by governments to mitigate water pollution and resource degradation from the Hilltops to the Oceans.

<http://www.hilltops2oceans.org/> .

Great Lakes Mollusk Watcher's Conference

Great Lakes Mollusk Watchers, a proposed new citizen-science project focusing on native mollusks of Lake Michigan, will hold a conference, February 9-10, 2004, Porter, Indiana, to explore the existing knowledge of Great Lakes mollusks, their role in the

ecosystem of the Lakes, the research needs that exist and how a citizen-science project can meet some of those needs.

rwsa@myvine.com

International Aquarium Congress

The Monterey Bay Aquarium hosts *The 6th International Aquarium Congress*, December 5-10, 2004, Monterey, California. The theme, Making Connections, Inspiring Conservation, envisions us working together to seek effective strategies to protect our oceans and advance conservation.

<http://www.iac2004.org/default.htm>

International Children's Conference on the Environment

The 2004 Tunza International Children's Conference on the Environment, July 19-23, 2004, New London, Connecticut, will convene six hundred international students aged 10-13 to explore topics on the themes of *Oceans, Rivers, and Waterways, Extinction and Biodiversity, Indigenous People's Environmental Ways*, and *Energy—Save It, Renew It, Recycle It*.

<http://www.icc04.org/commonpage.html> .

International Conference on Volunteer Administration

The Association for Volunteer Administration will host the International Conference on Volunteer Administration, *Journey of Discovery: Charting Your Course*, October 20-23, 2004, Portland, Oregon.

<http://www.avaintl.org/education/conference.html> .

International Coral Reef Symposium

At the 10th International Coral Reef Symposium, June 28 - July 2, 2004, Okinawa, Japan, Mark Heckman of the University of Hawai'i, Manoa will host a mini-symposium, *Fostering Positive Change for Coral Reefs - Education Resources*. It will provide a forum for groups to give short descriptions of resources available to the broader international community, and the extent to which these can be altered to fit local needs.

mheckman@waquarium.org

<http://www2.ims-plaza.co.jp/icrs2004/>

International Marine Protected Areas Congress

The First International Marine Protected Areas Congress will be held in Geelong, Australia, October 23-27, 2005. This global conference will address the World Commission on Protected Areas' Marine goal and primary themes, and will progress discussion on their widespread adoption and implementation consistent with resolutions relevant to marine protected areas arising from the Durban World Parks Congress.

<http://www.impacongress.org/> .

Invasive Plants in Natural and Managed Systems Conference

The Invasive Plants in Natural and Managed Systems Conference, November 3-7, 2003, Ft. Lauderdale, Florida, promotes scientific exchange among invasive plant researchers, provides interchange between scientists, managers, and volunteers for efficient invasive plant management, and fosters interdisciplinary cooperation on the science and management of invasive plants.

<http://www.esa.org/ipinams-emapi7/>

Littoral 2004: Delivering Sustainable Coasts

The seventh international conference put on by EUROCOAST and EUCC—The Coastal Union will be held in Aberdeen, Scotland, September 20-22, 2004. Education and Training is a conference sub-theme.

<http://www.littoral2004.org> .

Marine Pavilion and Town Hall Meeting at the AAAS Annual Meeting

The American Association for the Advancement of Science's annual meeting, February 12-16, 2004, Seattle, Washington, will emphasize the marine theme. The Marine Pavilion in the exhibit hall will feature a group of marine exhibitors in one area to increase interest and exposure. In addition, they will hold a town hall meeting, *Oceans for Everyone*, on marine science issues that affect the Pacific Northwest and the nation on February 15, 2004, starting at 2pm.

<http://www.aaas.org/meetings/> .

Monitoring Science and Technology Symposium

The Monitoring Science and Technology Symposium, September 20-24, 2004, Denver, Colorado, has a central theme of *Unifying Knowledge for Sustainability in the Western Hemisphere*. Participants address critical needs for unified information and knowledge, how this information is obtained to support monitoring for ecosystem sustainability, and how to make monitoring of ecosystem sustainability effective and efficient.

<http://www.monitoringsymposium.com/sub1-a-philosophy.cfm> .

Mote International Symposium in Fisheries Ecology

The Good, The Bad and The Ugly: Integrating Marine and Human Ecology in Managing Fisheries, Sarasota Florida, November 9-11, 2004, is the fifth annual Florida State University Mote International Symposium in Fisheries Ecology. This symposium will focus on contrasting the strategies and contexts associated with successful management versus those associated with management failures.

<http://www.bio.fsu.edu/mote/current.html> .

National Association of Interpreters

NAI currently serves 4,500 members in the United States, Canada, and thirty other nations. The National Association of Interpreters hosted the 2003 National Interpreters Workshop, November 11-15, 2003, Reno/Sparks, Nevada. *Sparks Your Imagination!* The 2004 conference theme is *An Interpreter's Voyage*, held November 16-20, 2004, Grand Rapids, Michigan.

<http://www.interpnet.com/niw2003/>

National Marine Educators Association Annual Conference

National Marine Educators Association (NMEA) 2004 Conference, July 18-22, 2004, St. Petersburg, Florida has a theme, *Bridge the Gulf: Marine Science in the Sunshine*, to highlight and build marine and aquatic science and education connections (bridges). They seek subjects and methods that are relevant to both formal and non-formal audiences; with hands-on presentations and usable take-home materials.

<http://www.floridamarine.org/conference/> .

National Science Teachers Association Conference

The 2004 National Science Teachers Association (NSTA) conference, April 1-4, 2004, Atlanta, Georgia, focuses on the following strands: Maintaining the Professional Edge, Science Beyond the Printed Word, Hooking Kids on Science, and Integrating

Technology. The 2005 Convention is set for Dallas, TX, March 31 - April 3, 2005. The theme for the 53rd convention is *Deep in the Heart of Science*.

<http://www.nsta.org/sessions>

National Science Teachers Association Regional Conventions

National Science Teachers Association's 2003 regional conventions will be held in Minneapolis, Minnesota (October 30-November 1), Kansas City, Missouri (November 13-15), and Reno, Nevada (December 4-6). Information on the conventions, including details on registration and housing and a calendar of events, is posted.

<http://www.nsta.org/conventions>

National Nonpoint Source Pollution Information & Education Programs Conference

The National Nonpoint Source Pollution Information & Education Programs Conference was held October 20-23, 2003, Chicago, Illinois. The conference provided an opportunity to learn and share ideas on nonpoint source information and education strategies. Participants explored practical, state-of-the-art examples of successful outreach programs through multi-media sessions.

<http://www.chicagobotanic.org/research/conference/nonpoint/>

North American Association for Environmental Educators Annual Conference

NAAEE hosted their annual conference, *Thinking Globally While Acting Culturally*, October 7-11, 2003, Anchorage, Alaska. Conference information, including a participants list, is posted on the website. Proceedings will be posted when complete. The 2004 Conference, November 6-10, 2004, Biloxi, Mississippi, will convene *Casting a Wide Net for Environmental Education*.

<http://www.naaee.org/conferences/> .

North American Interdisciplinary Conference on Environment and Community

The fourteenth annual conference will be held February 19-21, 2004, Saratoga Springs, New York. Topics may address any environmental issue under the broad conference theme of *Environment and Community*. Issues with wide-ranging North American importance are particularly apt, such as preservation, restoration, wilderness, endangered species, ecosystem management, history, and regulation.

<http://www.esc.edu/EnvironConf>

Northeast Fish and Wildlife Conference

The 60th annual Northeast Fish and Wildlife Conference, April 25-28, 2004, Ocean City, Maryland addresses fish and wildlife management issues through the theme *Managing Resources for Competing Users*, with sessions scheduled for Engineering, Administration/Licensing, Conservation Law Enforcement, Fisheries, Wildlife, and Human Dimensions/Information and Education.

<http://northeastconference.fws.gov/index.html> .

Ocean Research Conference

The Oceanography Society and the American Society of Limnology and Oceanography co-sponsor the inaugural *Ocean Research Conference*, February 15-20, 2004, Honolulu, Hawaii. The conference will provide a forum for researchers to highlight recent advances emphasizing integration of aquatic sciences and ocean research, including engineering, industrial, public policy, and marine research.

<http://aslo.org/honolulu2004/>

Pacific Congress on Marine Science and Technology

The 2004 biennial Pacific Congress on Marine Science and Technology, May 30 - June 4, 2004, Honolulu, Hawaii, highlights *New Technologies, New Opportunities*, bringing together scholars and resource personnel to address key issues concerning marine technology. A workshop on Education in Marine Science and Technology will be co-chaired by Shauna Oh of California Sea Grant and Sherwood Maynard of University of Hawai'i.

www.hawaii.edu/pacon. shaunaoh@ucsd.edu .

Partners in Stewardship Conference

Joint Ventures: Partners in Stewardship, November 17-20, 2003, Los Angeles, CA, brought together land management agencies and their partners to focus on building tools and networks to strengthen partnership efforts, with approximately 300 presentations over 3 days. More than 1600 federal and nonfederal participants in natural resources management and education attended.

<http://www.partnerships2003.org/about.htm>

Restore America's Estuaries 2004 Conference

Restore America's Estuaries hosts the Second National Conference on Coastal and Estuarine Habitat Restoration, Seattle, WA, September 12-15, 2004, to advance the knowledge, pace, practice and success of coastal and estuarine habitat restoration.

<http://www.estuaries.org/2ndnationalconference.php>

Society for Ecological Restoration International: Call for Proposals

SER 2004 will convene *Restoration on the Edge*, August 25-27, 2004, Victoria, British Columbia, and invites proposals for papers, posters, and presentations in other media including electronic media, visual and installation art, and performance, to be presented during the conference.

<http://www.ser.org> .

Sustainable Beaches Summit

The Clean Beaches Council hosts the first annual *Sustainable Beaches Summit*, March 29-31, 2004, Sandestin, Florida, to bring together coastal educators and beach professionals from federal agencies, state and local governments, non-governmental organizations, academia, and industry. The Summit will focus on beach and natural resource management, coastal tourism and development, recreation, and conservation.

<http://www.cleanbeaches.org/sustainable/default.cfm>.

Waterbirds Around the World

Organized by Wetlands International and co-chaired by the US Fish and Wildlife Service, the Waterbirds Around the World conference will take place in Edinburgh, UK, April 3-8, 2004. The conference focuses on all major themes and developments related to the global conservation of waterbird flyways during their full annual cycle: breeding areas, stop-over sites and wintering areas.

<http://www.wetlands.org/GFC/Default.htm>

Wetlands 2003

The Association of State Wetland Managers in cooperation with the New Hampshire Department of Environmental Services and other sponsors/cooperating parties hosted *Wetlands 2003: Landscape Scale Wetland Assessment and Management*, October 20-

23, 2003, Nashua, New Hampshire. The conference focused on wetlands and landscape level assessment, as related to science, public policy, and legal issues.

<http://www.aswm.org/calendar/2003am/cover9.htm>

The White Water to Blue Water Partnership Conference

White Water to Blue Water (WW2BW), a partnership to link freshwater and oceans, is designed to promote the practice of integrated watershed and marine ecosystem-based management in support of sustainable development. A small conference and training institute to facilitate partnerships, exchange best practices and encourage innovation is being planned for March 21-27, 2004, Miami, Florida.

<http://www.international.noaa.gov/ww2bw/meetings.html>
